**Course Description:**

The Advanced EMT course gives students the requisite knowledge, skills and abilities to progress to the next level of provider. This program builds on the knowledge and skills obtained from EMT certification. Human systems, pathophysiology, patient assessment, IV fluid management, pharmacology and basic skills are some of the primary areas for this course. The Fauquier County Fire Rescue System is accredited by the Virginia Office of EMS. The course will be open to candidates who meet the prerequisites. As part of that, a pretest must be completed to proceed with application process. As part of this course, students will be required to complete in-hospital clinical time, as well as field clinical time. Students will need to be able to meet the requirements of the clinical sites. Clinical sites are currently Fauquier Hospital and Fauquier County Fire Rescue System.

**Course Pre-requisite:** Students must meet all Virginia Office of EMS requirements as listed in VA OEMS TR-35, Prerequisites for EMS Training Programs, Criminal History and Standards of Conduct.
